Steel Bollard Safety Chain Per Foot 3/16 In. Thickness Black

MODEL CHAIN-316-PF-BLK

Protective Barriers / Chain In A Variety Of Colors

PRODUCT OVERVIEW

The bollard chain is an ideal addition to existing bollards used in dock facilities. The unit is constructed of powder coated steel for strength and durability. At time of order, specify how many feet of chain is required. For best use, it is recommended to order more feet than the opening between bollards to allow for chain slack.

KEY FEATURES

- Can be fitted to size to meet required length
- Smooth finish for easy handling
- Steel construction for strength
- Powder coated for toughness throughout daily use
