

# Polypropylene Traffic System Stop Go Set 24V LED 3-3/4 In. x 6-1/2 In. x 11-1/2 In. Yellow

**MODEL DTS-5-LED-24DC**

Loading Dock Equipment / Dock Traffic Systems

## PRODUCT OVERVIEW

Our dock traffic systems feature flashing red and green lights. Prevent accidents and injuries by providing clear communication between dock personnel and truck drivers. Built-in eyebrow type sun visors increase light visibility. Economy, model DTS-5, comes with two (2) yellow polypropylene traffic lights, 6."W x 11."H, each having a green and a red lens. The light containing a push button is placed inside the dock area for the dock attendant, and the other is placed outside for the truck driver. Four (4) signs are included. LED model never needs bulb replacements.

## KEY FEATURES

- Reduce energy costs by up to 90%
- No filament means long life
- UL and C-UL certified
- 3 Year warranty on LED
