Steel Heavy-Duty Cantilever Straight Arm 36 In. Length 2,175 Lb. Capacity Orange

MODEL HDSA-C-36

Storage Solutions / Heavy-Duty Cantilever Racking

PRODUCT OVERVIEW

The Heavy Duty Cantilever rack is completely adjustable for application specific design flexibility. long, welded stock is handled quickly and efficiently by forklift; instant accessibility to one (1) piece or a full load. These heavy-duty arms are adjustable up and down the length of the upright. To adjust, align arms with pre-drilled holes and bolt in (hardware included). All arms feature lips to prevent product from falling off. Uprights and arms are sold each, not in pairs. Custom rack systems can be designed for your special application.

KEY FEATURES

- Adjustable design provides added flexibility
- Lips prevent product from falling off
- High capacity holds the heaviest loads
- Heavy duty steel construction provides long lasting rugged use
