

Steel Trash Bin Compactor 2,000 lb. Filled Weight Blue, Filled

MODEL FWBC-4242-2-BC

Fork Truck Attachments / Fork Mounted Trash Bin Compactors

PRODUCT OVERVIEW

No more using manual methods for compacting waste bin contents. Instead, use a forklift compactor! With a compactor, the weight of the unit drives down the size of the contents. As the compression takes place; the waste is forced into a smaller and smaller area, eliminating any unused space not being fully utilized within the bin. Two sets of fork pockets are built into the design. The lower set is accessible for quick movement between work areas, while the upper is intended for the lifting and lowering of the compactor inside waste bins.

KEY FEATURES

- Rectangular design shape
- Chain included for added safety
- Incremental height adjustment
- Cement filled base for additional weight

CORE PRODUCT DATA

ASSEMBLED WEIGHT
2060 lbs

ASSEMBLED SIZE
70.5625" W x 50.875" L x 42.1875" H

SHIP WEIGHT
2434 lbs

PACKAGE 1 SIZE
43" W x 53" D x 48" H

COLOR / FINISH
Blue

FREIGHT TYPE
LTL Palletized
