Polyethylene Wheel Chock 5-1/2 In. x 12 In. x 17-1/2 In. 7,000 Lb. Capacity Yellow

MODEL PEWC-7-YL

Loading Dock Equipment / Plastic Wheel Chocks

PRODUCT OVERVIEW

A polyethylene wheel chock helps maintain stability on uncertain surfaces. With a steady foundation, the chocks minimize the chance of movement or jostling. A lightweight design is perfect for carrying and transference from areas to area. With a bright design, the color promotes clear visibility. The chock is compact in size for minimal storage space when not in use.

KEY FEATURES

- Safety tread on chock provides increased grip
- Polyethylene construction
- Yellow color encourages personnel awareness
- Built in handle for quick movement
