Steel Rotating Heavy Duty Box Hopper 1-1/4 Cubic Yard 6,000 Lb. Capacity Gray Semi Gloss

MODEL R-125-HD-GYSG

Fork Truck Attachments / Rotator Box Hoppers

PRODUCT OVERVIEW

With a rotator box hopper, products can be swiftly moved between locations. A heavy duty construction and high capacity allows a substantial amount of products to be transferred in a single load. The unique design is best used in conjunction with a forklift rotator; the built in fork pockets provide stability during rotation as well as with standard forklift movement. The hopper has a powder coat finish for baked in added toughness (forklift rotator not included).

KEY FEATURES

- Rotating design for precise positioning
- Raised sides for load safety
- 1.25 Cubic Yard design
- Fork pockets for quick lifting
