Aluminum Quick Lift DC Powered Pallet Stretch Wrap Machine 88 In. Maximum Wrap Length Yellow

MODEL PEL-100A-D3-SWA

Packaging Equipment / Material Pallet Stretch Wrap Machines

PRODUCT OVERVIEW

The material pallet stretch wrap machine provides the flexibility to apply stretch wrap film at any work station. This portable walk around stretch wrapper has electronic touch sensitive controls to make packaging tasks easier. Powerful DC battery powered lift moves film wrap up and down as operator simply walks around the packages. Designed to help wrap large and tall packages that could not be wrapped on the standard carousel stretch wrappers. Features an easy reload film system. The upright is constructed of aluminum while the rest is steel construction with powder coat yellow finish. Film not included.

KEY FEATURES

- DC powered battery is fast and quite
- Rolls on casters for simple maneuvering
- Chain driven platform operation provides precise positioning
- Touch-pad control allows for easy operation
